REQUEST: Proposed Text Amendment to Modify the Minimum Language Required on Property Postings for the Board of Adjustment.

BACKGROUND: Section 22, 5.e.2 outlines that required property posting signs, that is signs placed on subject properties state the *“time, date, and place of the public hearing”*. This requirement also applies to notices sent to adjoining property owners who may be affected by a Board of Adjustment action. Because the cost of having custom signs made for each individual case that occurs, it is staff’s opinion that a “universal sign” denoting the zoning action would suffice. Any interested party could then call the Planning and Zoning Office for more information. This would reduce the cost of purchasing multiple custom signs and achieve the same result regarding notice to property owners.

RECOMMENDATION: Staff has had signs prepared that state “Zoning Request” with information regarding how any interested party may obtain additional information (*See Attached Graphic*).

Amend Section 22, 5.e.2 to read:

- 1) Property signs concerning the hearing upon the property which is affected; and,
- 2) Sending written notices to all of the adjoining property owners.

~~In any of the two (2) methods of “Only one form” of notice each should~~ **“shall” contain the time, date, and place of the public hearing, and the property which will be affected.**
